

Providing the best value and cost savings for the Federal Government

About SEWP

Seeds of Genius is a proud awardee of the NASA SEWP V contract (Contract # NNG15SC86B) in the small business category. SEWP V contracts are commercial firm-fixed-price, indefinite delivery, indefinite quantity (ID/IQ) delivery order contracts with an ordering ceiling of \$20 billion.

SEWP V contracts have an effective ordering period of 10 years, with a 5-year base period and one 5-year option period. As a government-wide acquisition contract (GWAC) SEWP can accept orders from all NASA centers, all federal agencies, and their approved contractors.

SEWP Mission

As an established and agile leader in the Federal Acquisition Community, the SEWP Program Office manages a suite of government-wide IT product solution contracts that provide NASA and all Federal Agencies with timely access to mission critical technologies.

The Program provides best value and cost savings for the Federal Government and American taxpayer through innovative procurement tools and processes; premier customer service and outreach; and advocacy of competition and cooperation with industry.

SEWP Vision

SEWP will solidify its reputation as an innovative, customer-focused program as it seamlessly transitions to SEWP V and will be a visible, leading contributor to NASA and the Federal IT Acquisition Community.

About Seeds of Genius

Incorporated in 2004, Seeds is a SBA-certified small, **woman-owned business** headquartered in Hanover, MD. Seeds was selected to receive the award based on industry **knowledge**, technical **expertise**, vendor **relationships** and certifications, fair and reasonable prices, depth and breadth of product offering, timely and accurate delivery performance, and ISO certified business processes.
